Pat,
Are you in the office this week? I need your guidance in managing Kelli without destroying our relationship and continuing to build trust. I asked her to do something really simple and she has pushed back in every conceivable way. See the string below. I am not responding to it until we discuss. Hopefully we can speak Monday.
Thanks so much.

Regards,
Jennifer

Jen,

Obviously I'll do what you want, but I know nothing about this project or IT's involvement other than what has been vented. So Joe you have your work cut out for you to bring me up to speed and I will have no time this week as it's a sales tax week and we have all these file merger meetings,etc.

Kelli

Hi guys,

While I am sure it will not take 2 people to actually support ITCA on this implementation, I would like it if you would work together on it.

Kelli,

Joe is going to be traveling a lot in the next 6-8 weeks and while he is out of the office, I'd like it if you are completely up to speed to answer any questions from IT so that it goes smoothly.

I really appreciate it and hopefully there will be no issues anyhow.

Have a good weekend.

Regards,
Jennifer

Joe,

If you want/need me to take call with you I have no problem with that I just figured you had no issues implementing the last time not sure why you needed help this time :)

Kelli,

I'll get on the call on Monday to find out what the implementation requires of the Legal Department and let you know if I need any help.

Best,
Joe

Joe,

Yuka can arrange access to the offices as for scheduling training you probably still have the email you sent last time we tried to do that can you just send that with the updated info?

Kelli,

We will have to work with ITCA and the vendor to get Worldox installed. ITCA will be responsible for the implementation. Our involvement should be limited to getting the vendor access to our offices to do the install and scheduling training for the department.

Best,
Joe

Joe,
Although I would generally like to be involved, I do not have time right now. I am copying Kelli as I would like her to work with you on this implementation. Kelli and I are in a meeting from 10:30-12 on the 14th so I don't know if that day is good or not, especially with Scott in the office giving another demonstration at 1:30, but I will leave that for you two to work out. Thanks so much for working on this on behalf of the department.

Regards,
Jennifer
